

FACT SHEET

Sorbonne University is a multidisciplinary, research-intensive, world-class university. Located in the heart of Paris, it is committed to the success of its students and to meeting the scientific challenges of the 21st century. Thanks to its 55,300 students, 6,400 academic researchers and partner researchers, and 3,600 administrative and technical staff who make it a daily reality, Sorbonne University promotes diversity, creativity, innovation and openness to the world

The 4EU+ European University Alliance has one vision: to create a new quality of cooperation in teaching, education, research and administration. The cooperation is based on a common understanding of the idea of the European university that builds on academic freedom and autonomy and ensures fair access and participation in education.

<https://4euplus.eu/4EU-10.html>

The six members of 4EU+ are large, well-established, comprehensive, public European research universities. They are the top universities in their respective countries, and share European values. In geographical terms, the Member States where our institutions are situated stretch from the Mediterranean to the North and Baltic Seas, covering 39% of the EU territory and educating 49% of students of the EU countries.
